SNOWHOOKS

Overview

Snowhooks are designed to provide additional strength to rainwater systems by attaching in-between the spouting brackets and fixing to your roof.

Features

- ✓ Hooks into the spouting bead—Easy installation.
- ✓ Colours to match and blend with your roof colour*
- ✓ Can be retro-fitted.
- ✓ Designed & manufactured in New Zealand.
- ✓ Up to 12 year material warranty.
- ✓ Additional support for high wind zones
